Dedication

To our helpful and understanding Superintendent who has rendered every service possible to uphold the spirit of Tuscumbia School; to one who has worked without ceasing for our educational improvement; to one who encouraged us and guided us in all our undertakings; who, in our first year at Tuscumbia, taught us willingly, faithfully and with fullest capacity, we, the Annual Staff of 1958-59, proudly dedicate this edition of LEO'S MEMORIES to our very own---

MR. L. L. CAGE

Students, the ANNUAL STAFF presents you the 1959 edition of Leo's Memories.

Seniors, for you this book will be a picture of your last year in school. May it be rich in golden memories of friends made in the past years and of days well spent.

To the entire student body may it present a challenge to do your best work and never waiver in your quest for knowledge and truth.

Senior Class Prophecy

As we travel down the road of time we begin to wonder what has happened to the T. H. S. graduates of 58-59.

Since we are in Washington D. C. we will start here. Here we find Bill Kessler is a U. S. Senator and is doing very well.

We now take a plane to Hollywood where we are surprised to find Harold Bonnot is now directing movies. We always knew Harold had stars in his eyes.

We find Linda Bilyeu running a Turkish Bath.

We come back to our Missouri and find that Louise Horton is a nurse in St. Louis. She does have her worries because, she is madly in love with Dr. Clarence Gass. But since Clarence still has the same girl in Iberia, Louise is having a hard time trying to convince him what is best.

In our home town we find that Richard Lupardus is raising turkeys. He always wanted to be an engineer, but I guess that Barbara engineered him into marriage. Richard went in the same business as his father-in-law, (of course Mr. Brumley is doing most of the work). We also found out while here that Jim Abbett is the coach at the high school, but his wife (Kay Burris) is causing competition. It appears that the boys all prefer Home Economic Classes. But he has three faithful athletes, his three sons. We asked about the youngest, but not least, member of our class, Roger Prock. Little did we know, he wanted to be an accountant at Barron's. He is doing well, that is well enough to support his wife (Carolyn) and their ten children.

We learned while here Winfred Kallenbach has a large motel in Arizona. We were surprised to find he had married one of our classmates, Brenda Kraml. They seem to be doing very well raising their four girls.

We travel now to New York City where we find that Susan Humphreys (she never changed her name) owns her own interior decorating shop. Also here we find Billie Bonnot starring on Broadway. She loves her work as an opera singer, and she is still with Doug, much to our surprise because we all know Billie.

We board a plane and who's hostess? No one but Mary Myers. We talked to her and found that she still has her eyes on the old home town guy (Red). We took the plane to Kansas City where we found Judy Martin as the writer of the gossip column for one of the largest newspapers. She always did like Journalism.

Down South in Little Rock we find Sharron (Patterson) Rush running a restaurant. Everyone adores her speciality, chicken. Her chickens come free since Robert runs a chicken ranch. Sharron has quite a job with the restaurant and taking care of their twelve children.

On our trip back to Washington we stopped in a small town in Iowa where we meet Carolyn (Kallenbach) Musick. She is teaching shorthand in the high school, while her husband (Charles) has a dairy farm outside of town.

Wanda,
Pay no attention
to those kids that
keep telling you
to use a hard thing
high school I tried for
a while and it did not
Truly though try all
you can & when you graduate
from high school I hope
you will come out on
top. I guess had better
quit and let someone
else write. I will have
enough to write to
always and really work
hard through school.
My second
sister. Fanny

Be good and remain the
same sweet girl.
